

Request for review

Hi XXXX,

Hope this email finds you OK and things are going well for you at the moment.

We are getting up to date with some of our social media tasks and are approaching some of our good customers to ask them if they are happy to give us a review on 'Google +'.

We appreciate it can be time consuming but it would be a great bonus to us if someone such as yourself were to give us a mention.

Please follow the link below and leave your thoughts. If for any reason you are not happy to leave a review, we would be interested to hear your reasons and to see if there was anything we could do for you.

Many thanks in anticipation.

Kind regards,

XXXXX
